

THE CONTEMPORARY RECORDER CATALOGUE

Series Editor and Selector: John Turner

Abbreviations:

Recorders: Sop (sopranino), S (soprano or descant), A (treble or alto), T (tenor), B (bass), CB (contrabass). An oblique between abbreviations means that the performer needs to use both or more sizes of recorder in the same work (but not necessarily in the same song or movement and usually not in that order).

Other instruments and voices are named in full (with alternatives specified by the composer), except hpd. for harpsichord and SQ for string quartet.

Enquiries for material for orchestral works should be addressed to the publishers.
